MICHAELA KONRAD
THE ARTIST AND HER WORK

MICHAELA KONRAD

MICHAELA KONRAD, born 1972 in Graz (AUT), lives and works in Vienna (AUT) and Santa Cruz de Tenerife (ESP). She received her graphical education at Centro Municipal de Arte Gráfico, Santa Cruz de Tenerife (ESP) and spent a year at the University of Applied Arts, Vienna (AUT).

Analog printing. Since 2003 she has been producing her graphical printing work at the municipal graphic's workshop in Santa Cruz de Tenerife. It was there that she developed her personal style of manual offset lithography together with master printers Manuel Arias Mata and Fabian Castilla Labrador.

Since 2023, screen prints have been created in collaboration with the Gradwohl printing company in Melk an der Donau, Lower Austria.

Digital installation. The space-inhabiting installations in collaboration with Romanian artists Eugen Neacsu, Octavian Horvath and Daniel Dorobantu were shown at Ars Electronica Festival 2011 and at the Deep Space of the Ars Electronica Center, among other places.
